Fill each section of the form below on a computer using a pdf editor of your choice (web browsers work as well). We recommend writing the essay in a document editor of your choice and pasting the response into the respective section. After completion, email your completed form to dasartor@lbl.gov **by the date indicated by the Chapter President.**

While we acknowledge the importance of artificial intelligence in the world and its usefulness as a tool, it is important to uphold the traditions of Alpha Delta Phi and therefore ask that you use it for nothing more than an initial outline to organize your thoughts and intentions. We want to hear your story in your words, and we strongly believe that this cannot be done unless the usage of AI is limited. For brothers who have applied in prior terms, focus on the things that have changed since your last application.
